Scanners

Receipt

Ultra small and lightweight receipt scanner specifically designed for managing receipts and invoices.

Smallest and lightest mobile single-sheet-fed document scanner in its class¹ — USB-powered; weighs under 10 oz

Receipt management software included — no subscription required; automatically and accurately extract and categorize key data from receipts

Easily exports data to third-party software² — QuickBooks®, Quicken, TurboTax®, Excel® CSV and more

Create editable and searchable PDFs — includes Kofax® Power PDF® for Windows® and PDF Converter for Mac® bonus software

Single-page scanning in as fast as 5.5 seconds³ — able to scan sheets up to 8.5" x 72"

Automatic Feeding Mode — automatically accepts each new sheet as it's inserted; scans up to 10 pages per minute³

Save time with smart software — automatic file naming and scan document type recognition; easily integrate data into most document management software with included TWAIN driver

Scan to your destination of choice — easily upload to cloud storage services such as Dropbox, Evernote and Google Drive™

Enjoy amazing image quality — intelligent image adjustments with automatic cropping, blank page deletion, background removal and paper skew correction

Versatile scanning — for everyday receipts, invoices, documents, business and ID cards, and extra-long pages
