

STORCENTRIC DATA MOBILITY SUITE PROFESSIONAL SERVICES

StorCentric Professional Services can help you get the most out of the Data Mobility Suite (DMS) offering standard or customized services to help you streamline your operations from strategy and design to implementation and ongoing management.

GET STARTED WITH PERSONALIZED CONSULTATION

Let StorCentric help you identify the workflow strategy to satisfy your business requirements. We will work with you to understand where your source data is, where it needs to go, and what policies need to be set. We will help document best practices, workflow, and policies.

Pricing is available remotely or on-site, with a minimum of two remote hours or one day on-site.

GET YOUR TEAM UP TO SPEED WITH TRAINING

StorCentric provides training to train the trainer or for up to five employees at a time using your system and policies.

Pricing is available remotely or on-site, with a minimum of four remote hours or one day on-site.

LET STORCENTRIC IMPLEMENT YOUR STRATEGY

You know how you want to use DMS, but need some help getting it off the ground. Let us deploy and configure DMS using your policies.

Pricing is available remotely or on-site, with a minimum of two remote hours or one day on-site.

ONGOING MONITORING OF CRITICAL DATA

StorCentric temporarily becomes an extension of your company and manages DMS for you. Whether it is to adjust the configuration as your business requirements change, adding a new data source, or monitoring a high-profile migration, StorCentric's professional services team is here to help.

Pricing is available remotely with a minimum of two hours.
